EXPERIENCE

SENIOR DEVELOPER & DESIGNER
Yasnateam | Aug 2018 - Present

- Lead Front-End team of 4 to develop YasnaWeb which is a CMS to create multiple projects in various scales.
- Creating UI Generator which is a tool for making a better and consistent experience for our clients. This tool changed the process of making projects for our clients by options like CLI, new Design System and modular development of the core.
- Design and Implementing a new Design System to build faster products on clients needs.
- Product Manager of YasnaTeam's main product called YasnaWeb. I'm making sure that all of the Product Owner's requests are full and well implemented in the system.

UI DESIGNER & WEB DEVELOPER
Poostechin ltd. | Nov 2013 - Mar 2016

- Led a team of 4 to create beautiful websites using Wordpress. I made sure that all of the client needs were provided and the resulting theme was safe, fast and standard.

PROJECT MANAGER
Varseh Publication | Aug 2012 - Nov 2013

- Managed a team with 4 to produce over 30 books. I was responsible for full path, from getting the content from the authors to making the book ready for printing.
- Redesigned cover of over 20 books by designing a new colorful uniform.
